

Palo Alto Networks Certification Overview

Palo Alto Networks Certifications per Role CZ & EE

Self Paced Learning (PAN Online platform BEACON)

Instructor Led Training (PAN ATP e.g TD SYNnex Academy)

It is not mandatory to follow an ILT or Digital Learning to pass the exam but highly recommended due to the complexity of the certification
Attending a training does not lead to a certification, you always need to pass a proctored exam at an external test center e.g Pearson Vue
Latest information and details also available on [Training Course Pathfinder - Palo Alto Networks](#)
