

Maximize your Cisco ROI with in-depth training and hands-on labs

Who keeps the organization running? Your IT team. Your success depends on their expertise. They need ongoing access to all the latest training about your technology infrastructure.

That's where Cisco U. comes in. Cisco U. is a digital learning experience that recommends personalized content for each learner. Connects them with a worldwide community. Covers Cisco® and Cisco-adjacent technologies, including access to hands-on labs.

Subscriptions to Cisco U. provide an in-depth learning experience. Give your team the gift of expertise, then watch what they can do for your organization.

What could your team do with Cisco U.?

-  Prep for successful deployments with product training and hands-on labs
-  Reduce downtime with moment-of-need learning
-  Create a shared vocabulary around your Cisco investment
-  Find multi-vendor training all in one place
-  Streamline study time for cert exams
-  Earn Continuing Education credits to keep certs active

Save the day with moment-of-need learning

Cisco U. modularizes content into short courses that are easy to search for, absorb, and put to work, right when you need them.

Support diverse learning styles with diverse content types

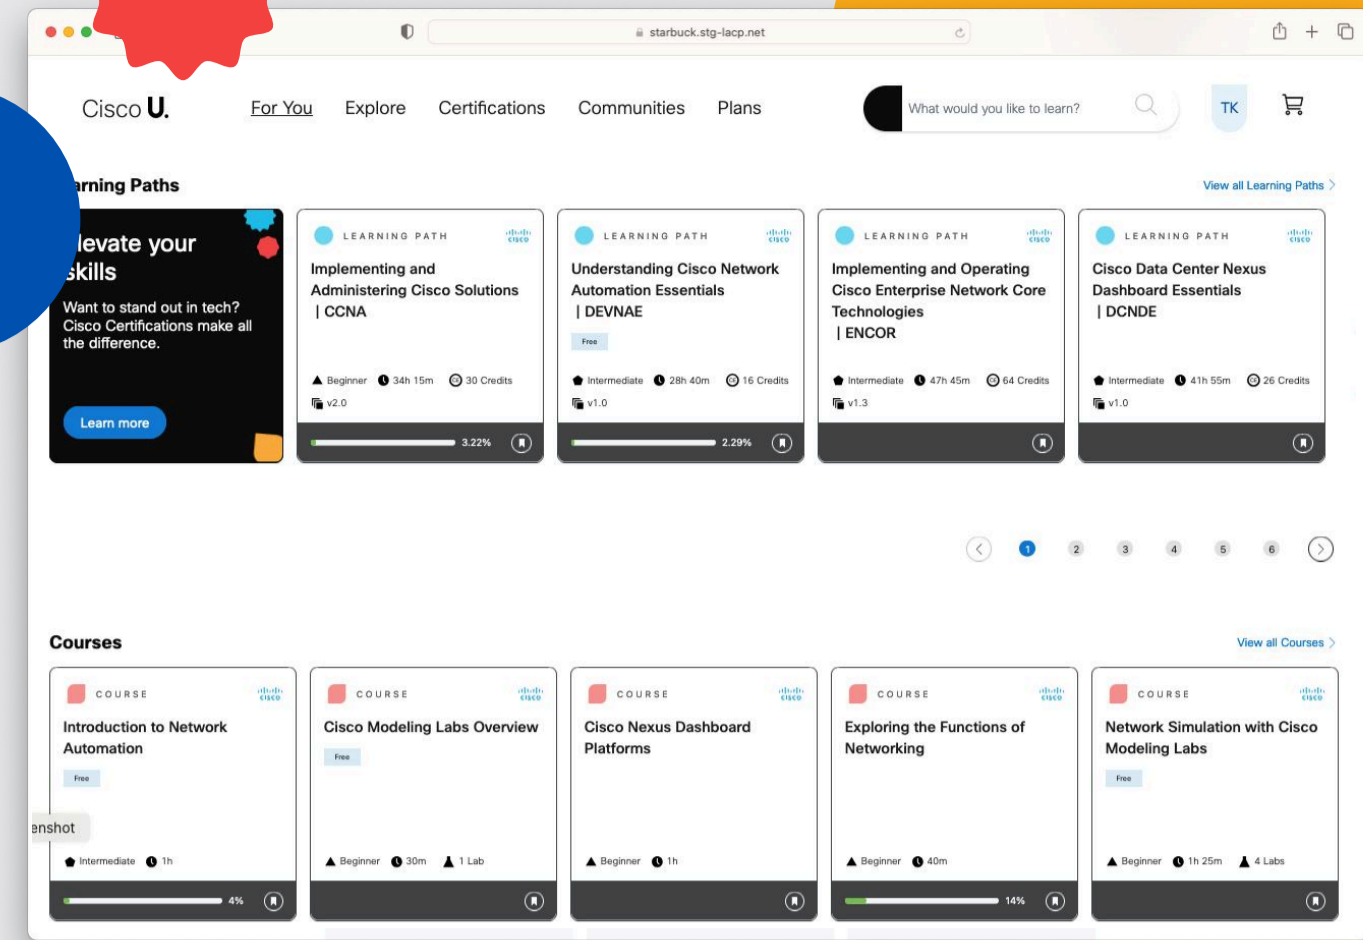

Your team members learn in different ways. Cisco U. podcasts, videos, tutorials, and courses cover all levels of expertise and multiple tech domains such as cloud/multicloud, security, data center, network automation, and more.

Take the guesswork out of certification prep

Cert training mirrors exam blueprints with pre-assessments that point out areas to skip, and post-assessments to validate learning. Also, earn Cisco Continuing Education credits, all on the same platform.

Thrive in a multi-vendor world

Find multi-vendor training all in one place with Cisco-adjacent content from AWS, Splunk®, Microsoft, Cisco AppDynamics®, and more.

Cisco U. Essentials

For career changers and early-in-career

Includes fundamentals training and associate-level cert prep.

Cisco U. All Access

For mid-to-expert level learners
