

What's Coming Next Year? (2025)

Are you ready to take your digital skills to the next level in 2025? There has been a lot of changes in the Ping Identity curriculum since the acquisition of ForgeRock. We would like to thank for your continuous support as one of Ping's training partners. We are thrilled to announce a series of innovative and engaging courses that will be launching next year. Here's a sneak peek at what's to come:

Instructor-Led courses

PingOne Advanced Identity Cloud Governance

This course explains how to use PingOne Advanced Identity Cloud to implement Identity Governance. Also, explains how to utilize the Autonomous Identity functionality and make use of Autonomous Access nodes in journeys.

PingDirectory Administration

This course is designed for System Administrators and provides the foundational knowledge and techniques you'll need to install and manage the components of the PingDirectory platform.

On Demand courses

Introduction to PingDS

Introduces the infrastructure, components, and basic features of PingDS (DS), formerly known as ForgeRock® Directory Services, and understand where it fits in the Ping ecosystem

Introduction to PingAM

A rebrand and update of the Introduction to PingAM course. This is a high level product overview.

For the full course catalogue, please visit [here](#).

Stay tuned for more updates on these and other courses set to launch in 2025! Whether you're advancing your career, expanding your knowledge, or pursuing a personal passion, these courses are crafted to deliver real-world skills that matter. Get ready to learn, grow, and succeed!
